**Learn God's ways**

A black and white photograph of Johnny Cash. He is standing in front of a building with multiple fire escapes. He is wearing a dark jacket over a light-colored shirt. He has a serious expression and is looking slightly to the side. The background shows the building's facade and the metal structure of the fire escapes.

Being a Christian isn't for  
sissies. It takes a real man to  
live for God – a lot more man  
than to live for the devil.

A wooden heart-shaped plaque is centered on a light blue background. The plaque is made of two types of wood: a darker, textured wood for the heart shape and a lighter, smoother wood for the surrounding frame. The text is engraved in a yellowish-gold color.

Never stop  
doing little things  
for others. Sometimes  
those little things  
occupy the biggest  
part of their  
hearts.
